

# IOSH Managing Safely

Our Managing Safely training is a higher level course than Working Safely. It is still run to IOSH's standards, but is designed to give managers and supervisors the practical knowledge they need to handle health and safety within their teams.

Managing Safely training takes place over a minimum of 24 contact hours, usually split over 5 days.

Your instructor will take you through all the IOSH criteria. The course also covers documentation and procedures required, with particular relevance to existing company policies and procedures. At

the conclusion of the course delegates will have a better understanding of their responsibilities for the Health & Safety of others. Delegates will be able to promote a safer working environment and develop an effective safety culture in the workplace.

## Our students will learn about:

- Roles and responsibilities in health and safety
- Risk assessment (including how to control risks)
- Hazard identification
- Investigation accidents and incidents
- Protecting the environment

*All dates booked over 30 days in advance can be confirmed immediately and will be a guaranteed booking*

This course is registered with TQUK (Ofqual approved).

## Price includes:

- Professional Instruction
- All course material
- One hour examination paper, comprising multiple-choice questions and a workplace risk assessment project undertaken at the delegate's own workplace
- IOSH certificate, valid for 3 years
